

IMTOS-2025

OVER 400 VISITORS ENGAGED WITH INNOVATION, PRECISION & EXCELLENCE.

Avtac Industrial Solutions Pvt Ltd proudly participated in the prestigious India Machine Tools Show 2025, held from July 11th to 14th at Yashobhoomi Convention Centre, Dwarka, New Delhi. As a leader in laser marking, dot peen marking, welding, and special-purpose automation, we showcased our latest technologies that are transforming the manufacturing landscape. From July 11th–14th, 2025, AVTAC proudly showcased its advanced manufacturing solutions at the India Machine Tools Show (IMTOS) held at Yashobhoomi Convention Centre, New Delhi.

Over 400 visitors including top engineers, plant heads, and manufacturers from across India.

The spotlight was on our laser marking, dot peen, and automation solutions. Attendees experienced real-time marking demos and received customized technical consultations from our team.

SPONSOR

A SHOWCASE OF NEXT-GEN ENGINEERING

The response was overwhelming—more than 400 professionals from automotive, electronics, OEMs, and heavy industries explored how AVTAC is powering Indian manufacturing.

Visitors appreciated our precision marking, system integration, and expert insights. Testimonials and queries are still pouring in, and we're grateful for the enthusiasm.

If you missed us, you can still connect for demos and product walk-throughs. Thank you to everyone who made IMTOS 2025 a success. This expo was a significant milestone for AVTAC. We are truly grateful for the overwhelming response, meaningful conversations, and the many promising business inquiries we received during the event.

The enthusiasm from visitors reaffirmed our commitment to delivering world-class industrial solutions.

As we move forward, we look forward to continuing the conversation with those we met—and even those who couldn't make it.

Let's build the future of smart manufacturing—together.

**“Innovation is
the ability to
see change as
an
opportunity
— not a
threat.”**
